

LOUISIANA WILD LIFE AND FISHERIES COMMISSION

NEW ORLEANS, LOUISIANA

AGENDA

JULY 23, 1968

1. ✓ Approval of the minutes of the meeting of May 27 and 28, 1968. (2)
2. ✓ Correction of the minutes of the meeting of Jan. 23, 1968, (3)  
concerning the purchase of 0.90 acres from Bobby S. Forman,  
on Black River Lake, for the purpose of constructing a  
boat launching ramp.
3. ✓ Correction of the minutes of the meeting of Sept. 26, 1967 (3)  
concerning the purchase of 40 acres, adjacent to the  
Spring Bayou G.M.A., from Clarence Rico.
4. ✓ Correction of the minutes of the meeting of Nov. 14, 1967, (7)  
concerning the purchase of 1.16 acres in Lafourche Parish  
from Mrs. Hallette Barrow Cole, for the purpose of constructing  
an office to house study teams working in the area.  
*Cyrtus & Water Bottoms District Office*
5. ✓ Correct motion on leasing only half of minerals on Russell (8)  
Sage G.M.A.
6. ✓ Approval of right-of-way agreement with La.Hwy.Dept. for (11)  
constructing black top road across a portion of Red River  
G.M.A., Concordia Parish.
7. ✓ Approval to request State Mineral Bd. to advertise for mineral  
lease on 3 sections of land on Russell Sage G.M.A.-- (12)  
application made by Mustang Oil Co., Inc.
8. ✓ Resolution protesting cancellation of September Teal Season. (13)
9. ✓ Approval of New Orleans Sportsmen's League request to withdraw  
La. from the Mississippi Flyway Council. (14)
10. ✓ Approval of permit for Grand Isle Materials Co. to remove (20)  
sand from waterbottoms adjacent to Grand Island on its  
northwestern end.
11. ✓ Approval of issuance of letter of no objection to LaFourche (22)  
Telephone Co. to cross the Humble Oil Tract, near Montegut.

12. ✓ Approval for Union Producing Co. to dredge an access canal on State Lease 2340 in deep lake field, Rockefeller Refuge. (23)
13. ✓ Acceptance of completion of Contract No. 5943 with Scallan Brothers Contractors, Inc. for construction of 16 shrimp ponds on Grand Terre Island, Jefferson Parish. (24)
- 13a. ✓ *Approval for sale of old Parmitary Quarters at Marine Lab on Grand Terre Island as its demolition.* (25)
14. ✓ Rejection and request to readvertise for bids on construction of 6 miles of hog and cattle proof fence on Bodcau G.M.A. Bossier Parish. (27)
15. ✓ Denial of Parker Thompson's request to place 3 yards of bees on Maxwell Plantation at Shaw, La. (Red River G.M.A.) (28)
16. ✓ Table action until bids are received for Waddill G.M.A. on camping, skeet range, rifle range, etc. (29)
17. ✓ Approval of issuance of contract to Edgar Williams of Alex. for construction of Saline G.M.A. camping site. (30)
18. ✓ Approval of issuance of contract to J.B. Ewing & Son of Innis, La. for construction of Spring Bayou boat launching ramp. (31)
19. ✓ N. La. Coon Hunters Assoc. request to hold licensed hunt on the Russell Sage G.M.A. -- approved to be considered in hunting regulations. *Coon hunt* (32)
20. ✓ Ratification of issuance of contract to La. Paving Co., Inc. for construction of boat launching ramp on Bayou Dorcheat. (33)
21. ✓ Approval on construction of Spring Bayou road by La. Hwy. Dept. for access to headquarter building and boat ramp. *J.M.A.* (34)
22. ✓ Setting of 1968-69 Seasons on Resident Game Species. (35)
  - regulations and dates (36)
  - Turkey Schedule (37)
  - Deer Schedule (39)
  - G. M. A. Schedule (40)
  - Description of areas (48)
23. OTHER BUSINESS.

**LOUISIANA WILD LIFE AND FISHERIES COMMISSION**

**NEW ORLEANS, LOUISIANA**

**JULY 23, 1968**

The regular monthly meetings of the Louisiana Wild Life and Fisheries Commission were held in New Orleans, Louisiana, on Monday and Tuesday, July 22 and 23, 1968.

Monday's meeting consisted of conferences with the Division Chiefs and the preparation of the agenda for the Tuesday meeting. Monday's meeting was an informal session, open to the public and held in the Director's office.

The public meeting was held on Tuesday, July 23, 1968, at 10:00 A. M., in Room 226, Louisiana Wild Life and Fisheries Commission Building, New Orleans, Louisiana.

Members present at both meetings were:

Jerry G. Jones, Chairman

H. Clay Wright, Vice-Chairman

H. B. Fairchild

Clarence A. Guidry

John Edwin Kyle, Jr.

Hobson Norris

Jimmie Thompson

ABSENT: None

Chairman Jones called the meeting to order at 10:00 A. M. stating the first order of business would be the approval of the minutes of the meeting of May 27 and 28, 1968.

On motion of Mr. Thompson, seconded by Mr. Fairchild, and unanimously adopted, the reading of the minutes of the meetings of May 27 and 28, 1968 were dispensed with and approved as previously submitted to the Commission.

Chairman Jones then stated the next three items on the agenda were corrections in the minutes of previous meetings which concern the purchase of various parcels of land by the Commission. He explained that on January 23, 1968, the Commission adopted a resolution to purchase 0.90 acres of land from Bobby S. Forman for the purpose of constructing a boat launching ramp on Black River Lake. Second, the Commission adopted a resolution at the meeting of September 26, 1967, to purchase 40 acres of land, more or less, adjacent to the Spring Bayou Wildlife Management Area from Clarence Rico. Third, on November 14, 1967, the Commission adopted a resolution to purchase 1.16 acres of land, more or less, in Lafourche Parish, from Mrs. Hallette Barrow Cole, for the purpose of constructing an office to house study teams working in the area. Chairman Jones explained the Commission is presently in the process of finalizing the purchases of the above mentioned lands; however, detailed legal information as to the exact course of action that would be used by the Commission in purchasing these lands had not been definitely decided at the time the Commission granted approval

to purchase. Therefore, Chairman Jones recommended the Commission's approval on the correction of the minutes of the meetings of January 23, 1968, September 26, 1967, and November 14, 1967 in order for our attorney to acquire legal title of these lands in behalf of the Louisiana Wild Life & Fisheries Commission.

On motion of Mr. Thompson, seconded by Mr. Wright, the following resolution was unanimously adopted and to be inserted as a correction in the minutes of the meeting of January 23, 1968:

WHEREAS, Louisiana Wild Life and Fisheries Commission is interested in acquiring lands or developing outdoor recreational facilities for the enjoyment of citizenry of said Catahoula Parish and the State of Louisiana; and,

BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission purchase from Bobby S. Forman for the price and sum of \$4,500.00, cash, the following described immovable property, to-wit:

Lots 36, 37 and 38, Rabb Lakefront Property situated in Lot 7, Section 2, Township 5 North Range 7 East, containing 0.90 acres more or less, Catahoula Parish, Louisiana.

BE IT FURTHER RESOLVED that the acquisition of said land is for the purpose of building a boat ramp on Black River Lake.

BE IT FURTHER RESOLVED that the Chairman and Vice-Chairman, he and they are hereby appointed, authorized and empowered to act for and on behalf and in the name of this Commission to purchase the aforementioned immovable property, to sign any and all necessary deeds and documents in connection therewith, to pay the purchase price thereof and all the necessary and usual expenses to purchase, which said deeds and documents may contain, and to include and incorporate in said documents any and all additional stipulations, conditions and provisions as they in their sole discretion deem to the best interest of the Commission.

On motion of Mr. Wright, seconded by Mr. Fairchild, the following resolution was unanimously adopted and to be inserted as a correction in the minutes of the meeting of September 26, 1967:

WHEREAS, on July 26, 1966, the Commission resolved to accept the offer of certain persons and corporations, being the valid recorded owners of approximately 11,273 acres of land in Avoyelles Parish, Louisiana, and to purchase said lands from those owners, which properties were described in the resolution of July 26, 1966; and

WHEREAS, the purchases were completed and placed of record in the official records of Avoyelles Parish Louisiana on November 16, 1966, and the area has been designated by the Commission as the Spring Bayou Wildlife Management Area; and,

WHEREAS, the Commission has now received a written offer by Mr. Clarence Rico of Moreauville, Louisiana to sell to the Commission for the price of Seventy-Three and No/100 (\$73.00) Dollars per acre and other considerations stated in his written offer, two (2) small tracts of land totalling approximately forty (40) acres, adjoining and contiguous to property owned by the Commission in the Spring Bayou Wildlife Management Area; and,

WHEREAS, the land is being offered for the same consideration as the Commission paid for all adjoining properties in the Management Area, and the property being offered is of like nature and value to that which has been acquired by the Commission; and,

WHEREAS, the acquisition of this additional property has been carefully considered by the Chairman and all members of the Commission, the Director and his Staff, and it is considered that the acquisition thereof would be most favorable and advantageous as an addition to the Wildlife Management Area;

NOW THEREFORE, BE IT RESOLVED, that the Louisiana Wild Life and Fisheries Commission purchase from Mr. Clarence Rico the property hereinafter described on Exhibit "A" attached hereto and made a part hereof, and situated in Avoyelles Parish, Louisiana, for the consideration of Seventy-Three and No/100 (\$73.00) Dollars per acre, the reservation by the vendor in perpetuity of all of the oil, gas and other minerals, and the provision that should the property cease to be used for game management purposes and sale is contemplated, that the former vendor be granted a right of first refusal to reacquire title, if the contemplated sale is to be by private sale, or be given written notice a reasonable time in advance of the contemplated sale, if the contemplated sale is to be by sealed competitive bidding, all subject to the following conditions, exceptions and reservations:

(a) The vendor will furnish to the Louisiana Wild Life and Fisheries Commission a title insurance policy covering the lands purchased, issued by a company acceptable to the vendee. The policy will be subject to the exceptions hereinafter set forth.

(b) The conveyance shall be subject to the reservation in perpetuity of all oil, gas and other minerals made by the vendor in the conveyance, and subject to any mineral reservations made by prior owners, and to all rights of ingress and egress for the proposed drilling for and producing said minerals, and other surface uses of said lands as provided for in the deeds of record in the office of the clerk of Court of Avoyelles Parish.

(c) The conveyance shall be subject to the provisions that should the property cease to be used for game management purposes, and sale is contemplated, that the former vendor be granted a right of first refusal to reacquire title, if the contemplated sale is to be by private sale, or be given written notice a reasonable time in advance of the contemplated sale, if the contemplated sale is to be by sealed competitive bidding.

(d) Vendor shall convey, said lands subject to all servitudes of rights-of-way for highway and utilities, timber sales and surface leases and all other servitudes of record in the office of the Clerk of Court of Avoyelles Parish.

(e) Vendor shall not warrant the exact number of acres sold, and the acreage to be acquired will be accepted in accordance with the latest United States Government Survey; should it develop by later survey that the acreage is more or less than stipulated on the deed, neither vendor nor vendee will be accountable therefor to the other.

(f) Vendor shall not be responsible for any adverse claims of title to any of the lands not disclosed by the records of the office of the Clerk of Court of Avoyelles Parish, Louisiana.

(g) The warranty of vendor shall be limited to the obligation to return the purchase price in the event of failure of title.

(h) The ad valorem taxes on said lands for the past three years, including the year 1967 shall be paid by vendor; taxes for the year 1968 shall be pro-rated as of the date of sale, based on the assessment of the previous year.

BE IT FURTHER RESOLVED, that Mr. Jimmie Thompson, Chairman, or his successor, and Mr. H. B. Fairchild, Vice-Chairman, or his successor, be and they are hereby authorized and empowered to act for and on behalf and in the name of this Commission to purchase the above mentioned lands, and to sign any and all necessary deeds and documents in connection therewith, to pay the purchase price thereof and all pertinent and necessary and usual expenses of the purchase, which said deeds and documents may contain such additional conditions, stipulations, and provisions as they may deem wise and to the best interest of the Commission.

EXHIBIT "A"

A certain tract or parcel of land containing 35 acres, more or less, and being all that portion of the Southwest Quarter of the Southeast Quarter of Section 17, Township One North, Range Five East, Avoyelles Parish, Louisiana, lying north of the Bayou des Glaisses Levee, and bounded now or formerly on the North by Lyso Coco, et al, East by Merlin L. Lacour, South by the Bayou des Glaisses levee and/or Clarence Rico, and West by the Louisiana Wild Life and Fisheries Commission, and being a portion of the same acquired from Harry J. Berry by deed dated October 21, 1958 recorded in Conveyance Book A - 179, page 278, under Original Entry #173415, Records of Avoyelles Parish, Louisiana.

A certain tract or parcel of land containing 5 acres more or less, lying in and forming a portion of the Northeast Quarter of the Northwest Quarter of Section 20, Township One North, Range Five East and bounded on the North by the Louisiana Wild Life and Fisheries Commission, East by the Estate of B. F. Mayeux, South by the Bayou Des Glaisses levee, and west by Irby J. Rico; and being the same acquired from Henry Rico by deed dated May 19, 1958 recorded in Conveyance Book A - 176, page 445, under Original Entry #171580, Records of Avoyelles Parish, Louisiana.

All rights, title and interest in and to that certain right of passage 20 feet in width along the north side of Grande Ecore pits across property of Irby J. Rico in the Northeast Quarter of the Northwest Quarter of Section 20, Township One North, Range Five East, Avoyelles Parish, Louisiana, and acquired by Clarence Rico by Judgment dated November 9, 1965 in Suit #24680 of the Twelfth Judicial District Court, and further recognized by Judgment dated June 14, 1966 in Suit #25435 of the Twelfth Judicial District Court, recorded in Conveyance

Book A-220, page 260, under Original Entry #214681 Records of Avoyelles Parish, Louisiana.

On motion of Mr. Guidry, seconded by Mr. Wright, the following resolution was unanimously adopted and to be inserted as a correction in the minutes of the meeting of November 14, 1967:

WHEREAS, in the interest of progress and research, the necessity of a coastal district office is realized in order to serve the Commission personnel needs as well as provide services to commercial fishery interests in the coastal area; and,

WHEREAS, due to this fact, Item 41 on page E-3 of the Extraordinary Budget for the fiscal year ending June 30, 1968 provides for the purchase of such property.

NOW, THEREFORE, BE IT RESOLVED, that the Louisiana Wild Life and Fisheries Commission does hereby grant approval to purchase from Mrs. Hallette Barrow Cole, Wife of Dr. C. Generes Cole and Jennie Barrow Dawson, wife of Dr. Harris P. Dawson, for the price and sum of \$4,500.00, cash the following described immovable property, to-wit:

Beginning at a point 1.7 miles north of the intersection of the Texas Gulf Road and State Highway 24, also being the NE corner of the Elie Benoit property, thence S 52° 20' 31" E for a distance of 208.65 feet, thence No. 39° 38' 11" E for a distance of 236.3 feet, thence N 48° 40' 35" W for a distance of 208.75 feet, thence S 39° 34' 36" W for a distance of 249.8 feet to the point of beginning. Being 1.16 acres in the NW¼ of the NE¼ of the NE¼ of the NW¼ of section 50, T 17 S - R 18 E, Lafourche Parish, State of Louisiana.

BE IT FURTHER RESOLVED that this property shall be the site of a future office to house study teams working in the area and performing duties required by the present "Gulf of Mexico Estuarine Inventory and Study" which is a part of the U. S. Bureau of Commercial Fishery Program, P. L. 88-309.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and empowered to sign any and all documents in connection with the foregoing purchase, to pay the purchase price thereof and all pertinent and necessary and usual expenses, and to incorporate and include in said documents any and all additional stipulation, conditions and provisions as he, in his sole discretion, deemed to the best interest of the Commission.

Chairman Jones requested Mr. Richard Yancey to explain the next item on the agenda.

Mr. Yancey stated that at the last meeting of the Commission approval was granted to request the Louisiana State Mineral Board to readvertise for the sale of a mineral lease on an 820 acre portion of the Commission's Russell Sage Wildlife Management Area as submitted by Mr. Sam A. Freyer, Shreveport, Louisiana. Mr. Yancey explained that in accordance with the deed, the Louisiana Wild Life and Fisheries Commission owns only one-half of the mineral rights. Therefore, Mr. Yancey recommended that the Commission request the Louisiana State Mineral Board to advertise for the mineral lease sale on the Commission's one-half mineral ownership of the 820 acre tract of land in the Russell Sage Wildlife Management Area in Richland and Ouachita Parishes.

On motion of Mr. Fairchild, seconded by Mr. Norris, the following resolution was unanimously adopted:

WHEREAS, the Louisiana Wild Life & Fisheries Commission, by resolution adopted June 21, 1968, requested the Louisiana State Mineral Board to readvertise for mineral lease purposes an 820 acre tract on the Russell Sage Wildlife Management Area in Richland and Ouachita Parishes, and

WHEREAS, it has been determined that it would be advisable that only the Commission's share of the minerals be advertised, which amounts to fifty percent (50%) due to administrative and possible legal problems.

THEREFORE BE IT RESOLVED, that the Louisiana Wild Life and Fisheries Commission does hereby amend its resolution dated June 21, 1968, and requests that the State Mineral Board advertise for bids only on the Commission's one-half mineral ownership of the 820 acre tract of land in the Russell Sage Wildlife Management Area in Richland and Ouachita Parishes, as outlined in the attached plat.

BE IT FURTHER RESOLVED, that the rules and regulation promulgated by the Louisiana Wild Life & Fisheries Commission at its meeting held on February 20, 1968, for the protection of wildlife on this tract be made a part of any mineral lease that may be issued by the Mineral Board.

[illegible]

Mr. Yancey continued by telling the Commission that a request was received from the Louisiana Department of Highways for a right-of-way to construct a black top road across a portion of the Red River Wildlife Management Area in Concordia Parish. He said the right-of-way will generally follow the existing gravel road that runs west from Shaw along the south side of Grand Bayou. Mr. Yancey explained that the agreement, if approved, would not convey title to the right of way to the highway department, but will only give them an easement to construct and maintain this roadway. Also, it will not effect the Commission's ownership of the property. Therefore, Mr. Yancey recommended Commission approval on this matter.

On motion of Mr. Thompson, seconded by Mr. Fairchild, the following resolution was unanimously adopted:

RESOLVED, that Leslie L. Glasgow be and he is hereby authorized and empowered for and on behalf of this Commission to grant to the Department of Highways of the State of Louisiana certain Rights of Way on, over and across property owned by this Commission, to-wit:

A certain tract or parcel of land situated in Concordia Parish, State of Louisiana, and in North Half (N $\frac{1}{2}$ ) of Section 36, Township 3 North, Range 8 East, the boundary lines of which tract are more particularly described as follows: Being all that portion of Grantor's property lying within a width of 60.00 feet, measuring 30.00 feet right and 30.00 feet left of the adopted centerline of State Project No. 815-03-04, beginning at a point opposite Highway Survey Station 10+00; thence extending in a westerly direction at said width of 60.00 feet to a point opposite Highway Survey Station 99+50.

BE IT FURTHER RESOLVED, that the said person be and he is hereby authorized and empowered to execute any and all instruments in writing and to perform all acts and do all things necessary or convenient to effect such grant.

Mr. Yancey continued by telling the Commission of the application received from Mustang Oil Company for a mineral lease on three sections of land in the Russell Sage Wildlife Management Area, located in Ouachita Parish. Mr. Yancey said the request has been reviewed and it is recommended that the Commission grant approval to request the Louisiana State Mineral Board to advertise for bids on this mineral lease which would only cover the Commission's one-half ownership on this tract.

On motion of Mr. Wright, seconded by Mr. Guidry, the following resolution was unanimously adopted:

WHEREAS, the Louisiana Wild Life & Fisheries Commission has received an application from Mr. Hoyt F. Casteel, Geophysical Consultant, 1518 Cranford Drive, Garland, Texas, on behalf of the Mustang Oil Company, Inc., for a mineral lease on Sections 3, 9, and 10, of T-17N, R-5-E, located on the Russell Sage Wildlife Management Area in Ouachita Parish, and

WHEREAS, such applications and mineral leases have in the past been processed for the Commission by the State Mineral Board.

THEREFORE BE IT RESOLVED, that the Louisiana Wild Life & Fisheries Commission does hereby request the State Mineral Board to review this application and if it is in order advertise for

bids on the Commission's fifty percent (50%) mineral ownership.

BE IT FURTHER RESOLVED, that the rules and regulations adopted by the Louisiana Wild Life & Fisheries Commission at its meeting held on February 20, 1968, be made a part of any mineral lease that may be issued.

Mr. Yancey then recommended that the Commission adopt a resolution protesting the cancellation of this year's September Teal Season. He stated it is the general consensus that this act was unjustified. Mr. Yancey further recommended that copies of the resolution be forwarded to Stewart Udall, Secretary of the Department of the Interior, John S. Gottschalk, Director of the Bureau of Sport Fisheries and Wildlife, and all members of the Louisiana Congressional Delegation.

On motion of Mr. Thompson, seconded by Mr. Fairchild, the following resolution was unanimously adopted:

WHEREAS, the Louisiana Wild Life and Fisheries Commission concludes that the recent action of the U. S. Bureau of Sport Fisheries and Wildlife in canceling the September teal hunting season in Louisiana for this year is totally unjustified, and

WHEREAS, the past three seasons have provided excellent hunting in Louisiana and many thousands of days afield for the state's sportsmen without damaging the continental population of the blue-winged teal or any other waterfowl species, and

WHEREAS, the Bureau of Sport Fisheries and Wildlife has taken this action in total disregard of the views and repeated

recommendations of the Louisiana Wild Life and Fisheries Commission.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby go on record as vigorously protesting the arbitrary action of the Bureau of Sport Fisheries and Wildlife in closing the September teal hunting season in Louisiana, thereby depriving the states' sportsmen of many thousands of days of outdoor recreation.

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded to Stewart Udall, Secretary, Department of the Interior, John S. Gottschalk, Director, Bureau of Sport Fisheries and Wildlife, and all members of the Louisiana Congressional Delegation.

Mr. Yancey then explained that a letter dated July 16, 1968, was received from the New Orleans Sportsmen's League requesting the Louisiana Wildlife and Fisheries Commission to initiate proceedings to have the State of Louisiana withdraw from the Mississippi Flyway Council and that this subject be placed on the agenda for discussion. Mr. Yancey then stated that Mr. Clint Bridgeman, Chairman of the Waterfowl Committee of the New Orleans Sportsmen's League is present to express his views on the matter.

Mr. Bridgeman said in 1951, when Louisiana joined the Mississippi Flyway Council it was understood that the problems dealing with the waterfowl seasons would soon be solved; however, the problems have increased and Louisiana has waited too long for their help. Mr. Bridgeman requested Mr. Dewese Kostmayer to

point out other factors and phases on the matter.

Mr. Kostmayer stated that recent news releases from Washington indicates that the Mississippi Flyway is experiencing another bad year for waterfowl. He said it was true that we do not know for a fact if this is true, until our people see for themselves. Mr. Kostmayer said that if this is any indication of the prediction for the coming year, which are the same as we have received in the past 17 years, Louisiana is going to come back from the Mississippi Flyway Council meeting empty handed, insofar as a reasonable hunting season is concerned. He said the U. S. Fish and Wildlife Service seem to have closed minds as to our opinions, findings, and requests. While other states send delegates unprepared to support their requests and they return with favorable seasons for their respective states. Mr. Kostmayer cited this as a reason why Louisiana is being treated unjustly as our state's representatives are more qualified and prepared with first hand information, as well as considering the fact of Louisiana having a more valuable area for hunters and, yet, they return year after year empty handed. Mr. Kostmayer stated that it is the feeling of many that Louisiana should deal directly with the U. S. Fish and Wildlife Service, as Louisiana has received little, if any, help from the Mississippi Flyway Council during the 17 years as members. Mr. Kostmayer explained Louisiana has everything to gain and nothing to loose by withdrawing from the Mississippi Flyway Council.

Mr. Bernard C. Hebbie of the Little Lake Club of Lafitte, Louisiana stated that he represents a club which has been inactive and just coming back into existence; however, the Little Lake Club is one of the oldest groups in Louisiana. Mr. Hebbie reiterated the New Orleans Sportsmen's League's sentiments on withdrawing from the Mississippi Flyway Council Membership.

Mr. Bob Lockette is a captain and Vice-President of the Netherland Gun Club which is presently known as the Cataouatchie Club. Mr. Lockette said his club has existed since 1921, during which years his club has spent a great deal of money to protect their hunting lands, to abide by the laws and other costly provisions. He stated that since 1957, Louisiana has fought for a September Teal Season; however, he continued after receiving a three year experimental September Teal hunting season, it has again been taken away from Louisiana. Mr. Lockette urged the Commission to continue to fight for our rights and withdraw from the Mississippi Flyway Council.

Chairman Jones then recognized Mr. Thompson to comment on the matter.

Mr. Thompson said, "I really don't know how to say what I am thinking but really I guess what I am thinking is this. If we get on the outside we certainly won't have any way to know what is happening on the inside. As someone in a meeting yesterday said well we just getting a card and not being able to play them. Well we won't even get a card if we are on the outside. I won't

oppose, I will not oppose the withdrawal from the Mississippi Flyway Council but I do want to make these comments that I think that we have enough evidence that we possibly understand what I am saying, that we possibly would have the chance to get into the central flyway. Now I don't have enough background on this and I don't even know if this is a reasonable possibility but I know there is little facts, and basic information indicates we could have that possibility. I really question whether we should get out of the flyway knowing full well that we need to do something to bring those boys to attention but whether this is exactly the move or not I don't know. So I would like to ask Mr. Chairman that my vote be recorded as abstaining from voting. I would like to abstain from the vote on this morning."

Mr. Kyle then stated, "I would like to make a motion that we withdraw. I have felt as these gentlemen have for years that the flyway council has done nothing for us and I don't feel that we could withdraw at a better time than at the present. We have got the election coming up. This would serve to dramatize our plight to our representatives and senators coming up. There is, I don't feel we have a thing to lose and I would like to make a motion that we withdraw from the Mississippi Flyway Council. And, furthermore, not one cent of monies shall be spent even to send an observer there without specific authorization of the Commission."

Chairman Jones asked, "Is there a second to the motion?"  
Seconded by Mr. Wright. Is there any further discussion by the

Commission Members?"

Mr. Thompson continued by saying, "I would just like to make an observation, Jerry. It may be to our advantage that if we could get as many as four or five other states to pull out that you might have a wedge or you might have a hammer. And, this is entirely possible. If possibly, some telephone calls could be made that maybe, it might be a little too late for Mississippi, but maybe Alabama, certainly Mississippi could follow. And, you may have the pole that you are looking for, as a pry pole. But, I do question right now, again, that whether this is not proper, it is certainly needed. I'll put it this way, it is certainly needed, but whether we might be chopping off something we might need a little further down the line. So, if we do go ahead and vote this, and please let's try to see if we can't have someone else to join us in this withdrawal."

Chairman Jones explained, "I don't want to limit any debate whatsoever, but if there are any other people who have not spoken that desire to speak, just a limited amount of time, we welcome it since we have opened it to the floor. Is there anyone else. Yes, you may."

Mr. Bridgeman stated, "Exactly what Mr. Thompson said is exactly what I had in mind. This is a protest, this is the most ideal time. If we don't do it this year, you can forget it. Because you have got an election coming up and you have got dissatisfaction among other states. You will get backing. This

is exactly what I am trying to do, Mr. Thompson. I hope you vote."

Mr. Thompson replied, "Well, I can't vote, Mr. Bridgeman, simply because I don't know and I don't think you want me to sit on this board and vote for something when I don't actually know. And, I don't know that this is the proper move to make. Understand me well, I know your sentiments and I feel for you and I feel with you, but I don't know and I don't think that I should vote when I don't know. I don't think you want me to serve on this board and do that. So, I would rather abstain from voting."

Chairman Jones again asked, "Is there anyone else in the audience that would care to make any comment? Is there any other discussion before we vote?"

Mr. Norris said, "Well, Mr. Chairman, I am going to have to abstain from voting on this. I feel the same as Mr. Thompson does, because I don't know. I know there ought to be something done, but I don't know if it is the proper stages that we should go at this time."

Chairman Jones requested, "Any further discussion? Hearing none, we will ask for a vote. All those in favor of the motion would you please raise your hand? Mr. Guidry, Mr. Kyle, Mr. Wright, Mr. Fairchild and I vote "yes" also. We have two abstentions, Mr. Norris and Mr. Thompson."

Mr. Kyle exclaimed, "Mr. Chairman, may I suggest that a copy of this resolution be sent to each of the Congressional delegation and I would like to concur with what Mr. Bridgeman said and urge

each of you, not only to write, but phone and if possible, personally button-hole your congressman and your senators and let them know very, very strongly, not just let them know, but let them know strongly how we feel about this."

Mr. Thompson further added, "Jerry, I would like to make a comment too. I don't know if you gentlemen know that in our Baton Rouge meeting a week ago I made a motion and that for every month of this year that this commission do something to let Washington know that we are dissatisfied and discontented and displeased particularly with the teal season and if we work hard enough and long enough not waiting for next teal season but right now which this a fore-runner of and goes in conjunction with it we possibly could stir up enough to maybe we might get a teal season a little later, but that is a motion and it was passed I recall. So you will be hearing from us. I think one of the things today was the resolution that you heard passed and these things will be coming monthly if not more."

Chairman Jones called on Dr. Lyle St. Amant for the next item on the agenda.

Dr. St. Amant told the Commission that a request for a permit has been received from the Grand Isle Materials Company to remove sand from the property of Mr. Francis Robichaux in the near shore waters and they would like to sell any sand not necessary in the local filling. Accompanying the application for a permit were letters of no objection from the Grand Isle Planning Commission,

the Corps of Engineers, the Louisiana Department of Public Works and the State Land Office. Dr. St. Amant explained the Grand Isle Material Company would like to place some of the excess sand dredged in commercial channels which would require a permit in order for the Company to pay the Commission proper royalties on that portion of the sand being sold. Dr. St. Amant therefore recommended the Commission's approval on the issuance of this permit.

On motion of Mr. Kyle, seconded by Mr. Thompson, the following resolution was unanimously adopted:

WHEREAS, the Grand Isle Materials Company has made application for a permit to remove sand from the property of Mr. Francis Robichaux in the near shore waters for which said permit would allow the company to sell any sand dredged in excess of the amount necessary for the establishment of a marina on the Francis Robichaux property, and

WHEREAS, it is necessary that a permit be issued to the Grand Isle Materials Company in order that proper payment of royalties be remitted to the Louisiana Wild Life and Fisheries Commission on that portion of sand to be sold.

THEREFORE, BE IT RESOLVED by the Louisiana Wild Life and Fisheries Commission that a permit be issued to the Grand Isle Materials Company to remove sand from the waterbottom adjacent to the property of Francis Robichaux, in the Caminada Bay vicinity, Jefferson Parish, Louisiana.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and empowered to sign any and all documents in connection therewith.

Chairman Jones then called on Mr. Allan Ensminger for the next item on the agenda.

Mr. Ensminger told the Commission of the request recently received from the Lafourche Telephone Company, Inc. of LaRose, Louisiana, for a right of way across property being purchased by the Commission from the Humble Oil and Refining Company, located in Lafourche Parish. Mr. Ensminger explained that the property in question would require a letter of no objection from the Louisiana Wild Life and Fisheries Commission, since the Commission is in the process of purchasing said land; however, the right-of-way permit would have to be issued by the Humble Oil Company. Mr. Ensminger said the proposal has been examined and found to be feasible provided the Lafourche Telephone Company, Inc. shall agree to certain terms and conditions as stipulated in the letter of no objection for the protection and benefit of the wildlife resources in the area.

On motion of Mr. Guidry, seconded by Mr. Kyle, the following resolution was unanimously adopted:

WHEREAS, the Louisiana Wild Life and Fisheries Commission is presently in the process of purchasing land from the Humble Oil and Refining Company for the purpose of establishing a wildlife management area, and

WHEREAS, on May 21, 1968, the Lafourche Telephone Company requested a letter of no objection from the Louisiana Wild Life and Fisheries Commission in order to acquire permission for a right-of-way on said property presently owned by the Humble Oil and Refining Company.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby grant permission for the issuance of a letter of no objection to the Lafourche Telephone Company for a right-of-way on approximately 5,000 feet of property in Lafourche Parish as said property is in the process of being purchased by the Louisiana Wild Life and Fisheries Commission. The issuance of a letter of no objection is hereby approved provided the Lafourche Telephone Company, Inc. of LaRose, Louisiana, is in agreement to certain terms and conditions as stipulated in the agreement which shall be binding upon said company.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and empowered to sign any and all documents in connection therewith, with copy of said agreement of notification being forwarded to the Humble Oil and Refining Company.

Mr. Ensminger continued by telling of the Union Producing Company's request for permission to construct an access canal on State Lease 2340 to service Well No. 9 on the Rockefeller Wildlife Refuge, Cameron Parish, Louisiana. Mr. Ensminger said an examination of the proposal has been made by representatives of

the Commission and it has been found that this work can be approved provided certain terms and conditions are incorporated in the permit in order to protect the interests of the Commission.

On motion of Mr. Kyle, seconded by Mr. Norris, the following resolution was unanimously adopted:

BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby grant permission to the Union Producing Company to construct an access canal on State Lease 2340 to Service Well No. 9 on the Rockefeller Wildlife Refuge, Cameron Parish, Louisiana. Permission is hereby granted provided the Union Producing Company adheres to certain terms and conditions as stipulated in the agreement which shall be binding upon said company in order to protect the interests of the Louisiana Wild Life and Fisheries Commission.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and empowered to sign any and all documents in connection therewith.

Chairman Jones then called on Dr. Ted Ford to explain the next two items on the agenda.

Dr. Ford said the Louisiana Department of Public Works has notified the Commission of the completion of the construction of sixteen (16) shrimp ponds on Grand Terre Island in Jefferson Parish and has recommended that same be accepted by the Commission. Dr. Ford stated the ponds were constructed by Scallan Brothers

Contractors, Inc. under contract No. 5943. He requested Commission approval on this matter and that a copy of the resolution be filed with the Jefferson Parish Recorder of Mortgages in order that final payment on the construction can be made after a forty-five (45) day period.

On motion of Mr. Wright, seconded by Mr. Guidry, the following resolution was unanimously adopted:

WHEREAS, the Chief Engineer of the Department of Public Works, State of Louisiana, has certified to the Louisiana Wild Life and Fisheries Commission that the Contractor has completed Contract No. 5943, between the Louisiana Wild Life and Fisheries Commission and Scallan Brothers Contractors, Inc., contractor for the construction of sixteen (16) shrimp ponds on Grand Terre Island in Jefferson Parish, Louisiana, and has recommended that same be accepted;

NOW, THEREFORE, BE IT RESOLVED by the Louisiana Wild Life and Fisheries Commission that the work done by Scallan Brothers Contractors, Inc., Contractor, under Contract No. 5943, with said Commission, dated March 15, 1968, be and the same is hereby accepted.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and directed to file a certified copy of this resolution in the mortgage records of the Parish of Jefferson, Louisiana.

Dr. Ford then explained that the Old Dormitory Quarters at

the Marine Laboratory on Grand Terre Island, Jefferson Parish was rehabilitated prior to the laboratory staff using it and it was maintained in reasonably good condition. He said, nevertheless, it was badly damaged by termites and the forces of time dealing with nature so that it deteriorated into a bad condition. The Department of Public Works District Engineer and Commission personnel have reported orally, upon inspection, that the facility is in very poor condition, stating the structure would not lend itself to an economical restoration. Due to the factors involved, Dr. Ford said, expenditure of additional funds for repairs to the structure could not be justified. Therefore, Dr. Ford recommended that the Commission grant approval to request the Louisiana Division of Administration to advertise said structure for sale as is or approve of the demolition in the most expedient manner.

On motion of Mr. Guilery, seconded by Mr. Kyle, the following resolution was unanimously adopted:

WHEREAS, the personnel of the Louisiana Department of Public Works and the Louisiana Wild Life and Fisheries Commission have inspected the structure of the old dormitory quarters at the Marine Laboratory on Grand Terre Island, Jefferson Parish, Louisiana and have found it to be in a state of bad deterioration, and

WHEREAS, expenditure of additional funds for preservation of the building could not be justified due to mass deterioration.

THEREFORE, BE IT RESOLVED by the Louisiana Wild Life and

Fisheries Commission that the Louisiana Division of Administration be requested to advertise for the sale of the building, known as the old dormitory quarters, located at the Marine Laboratory on Grand Terre Island, Jefferson Parish, Louisiana. Said building shall be advertised for sale as is. In the event that no bids are received, said structure shall be demolished in the most expedient manner.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and empowered to sign any and all documents in connection therewith.

Chairman Jones then called on Mr. Joe L. Herring to explain the remainder of the items on the agenda.

Mr. Herring explained that the Louisiana Division of Administration has received bids for the construction of six miles of hog and cattle proof fence on our Bodcau Wildlife Management Area, Bossier Parish, Louisiana. Plans and specifications for the fencing were furnished by the Louisiana Wild Life and Fisheries Commission, with the proposed contractor to furnish all labor, materials and tools necessary to install this fence. Mr. Herring said the Louisiana Division of Administration received two bids; one from Hollingsworth Construction Company, Inc. of Cotton Valley in the amount of \$26,579.64; and another bid was received from Hurricane Fence of New Orleans, Inc. in the amount of \$27,949.00.

On motion of Mr. Thompson, seconded by Mr. Wright, the

following resolution was unanimously adopted:

WHEREAS, the Louisiana Wild Life and Fisheries Commission did request the Louisiana Division of Administration to advertise for bids for the construction of 6 miles of hog and cattle proof fence on the Commission's Bodcau Wildlife Management Area, Bossier Parish, and

WHEREAS, the tabulation of bids were received for which a total of two (2) bids were submitted.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby request the Louisiana Division of Administration to readvertise for bids on the construction of six (6) miles of hog and cattle proof fence on the Bodcau Wildlife Management Area, Bossier Parish, Louisiana, as the bids received were only two (2) and above the estimated cost of the project.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and empowered to comply with same.

Mr. Herring told the Commission of the request of Mr. Parker Thompson for permission to place three (3) yards of bees on the Maxwell plantation at Shaw, Louisiana. Mr. Herring said if permission is granted on this matter, the Commission would be allowing a private concern to establish operations relative to their own business on state managed land. He said in the past, requests of this nature have been refused; therefore, Mr. Herring recommended

denial of this particular request for the above mentioned reason.

On motion of Mr. Thompson, seconded by Mr. Guidry, the following resolution was unanimously adopted:

WHEREAS, Mr. Parker Thompson of Parker Thompson Wholesale Grocery in Winnfield, Louisiana, has requested permission from the Louisiana Wild Life and Fisheries Commission to place three (3) yards of bees on the Maxwell Plantation at Shaw, Louisiana, and

WHEREAS, the above mentioned location is presently being managed by the Louisiana Wild Life and Fisheries Commission for research purposes.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby deny the request of Mr. Parker Thompson of Parker Thompson Wholesale Grocery, Winnfield, Louisiana, for permission to place three (3) yards of bees on the Maxwell Plantation at Shaw, Louisiana.

Mr. Herring then told the Commission the Louisiana Division of Administration has advertised for bids on the construction of camping facilities, skeet range, rifle range, resident and other facilities on the Commission's Waddill Wildlife Management Area. The bids will not be opened until the afternoon of July 23rd, at which time the meeting will have already adjourned; therefore, Mr. Herring requested the Commission to grant permission to Dr. Glasgow to accept the low bid for this job, provided it is a good bid and the Division of Administration concurs with same, as well as assuring the Commission of available funds for this construction.

Mr. Kyle requested the matter to be tabled until the next regular monthly meeting and the Commission can discuss the matter further at that time.

Chairman Jones asked for any discussion or objections on the subject.

There being no objection, on motion of Mr. Kyle, seconded by Mr. Wright, the Louisiana Wild Life and Fisheries Commission unanimously voted to table the acceptance of bids on the construction of facilities on the Commission's Waddill Wildlife Management Area until the next Commission meeting. Mr. Fairchild abstained from voting. Those in favor of tabling the action were Mr. Guidry, Mr. Kyle, Mr. Wright and Mr. Thompson. The motion carried and was passed.

Mr. Herring then told the Commission the Louisiana Division of Administration advertised for bids for the construction of camping facilities on the Saline Wildlife Management Area. Only one bid was received which was submitted by Mr. Edgar Willaims of Alexandria, Louisiana, in the amount of \$40,879.00. Mr. Herring said the bid received is in line with the estimated cost of the project and the concern is a reputable one; therefore, he recommended the Commission's approval on the issuance of a contract to this concern.

Mr. Fairchild explained that this camping facility is urgently needed. He cited an example as on the Fourth of

July there was a large crowd of people in this area, so much so that many of them could not park their cars. Mr. Fairchild recommended the Commission acceptance of this bid stating that if this bid is not accepted, when the hunting season begins the sportsmen will not have camping facilities.

On motion of Mr. Fairchild, seconded by Mr. Norris, the following resolution was unanimously adopted:

WHEREAS, camping facilities in the State of Louisiana are urgently needed as this type of recreation is rapidly becoming most popular among the sportsmen, and

WHEREAS, the Louisiana Division of Administration has advertised for bids for the construction of camping facilities on the Saline Wildlife Management Area.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby approve the issuance of a contract to the low bidder, Mr. Edgar Williams, of Alexandria, Louisiana in the amount of \$40,879.00 for the construction of camping facilities on the Saline Wildlife Management Area.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and empowered to sign any and all documents in connection therewith.

Mr. Herring said the Louisiana Department of Public Works opened bids on the construction of a boat launching ramp and parking area on the Spring Bayou, Avoyelles Parish, Louisiana and received a total of six (6) bids for the job, with J. B.

Ewing and Son of Innis, Louisiana being the low bidder in the amount of \$18,794.23. Mr. Herring explained that J. B. Ewing and Son is a reputable concern and their bid was in line with the estimated cost, therefore, he recommended the Commission's approval on the issuance of a contract to this company.

On motion of Mr. Wright, seconded by Mr. Thompson, the following resolution was unanimously adopted:

WHEREAS, the Louisiana Department of Public Works did advertise for bids on the construction of a boat launching ramp and parking area on Spring Bayou, Avoyelles Parish, Louisiana, for which a total of six (6) bids were received.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby request the Louisiana Department of Public Works to issue a contract to the low bidder, J. B. Ewing and Sons of Innis, Louisiana, in the amount of \$18,794.23 for the construction of a boat launching ramp and parking area on Spring Bayou, Avoyelles Parish, Louisiana.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and empowered to sign any and all documents in connection therewith.

Mr. Herring explained that the Northeast Louisiana Coon Hunters Association has again this year requested to hold a licensed hunt on the Russell Sage Wildlife Management Area. Mr. Herring said the hunt held last year which was on an

experimental basis, was very successful and recommended a licensed coon hunt to be held this year and to be considered on the season schedule.

Mr. Herring then recommended the Commission's ratification of the issuance of a contract to Louisiana Paving Company, Inc. of Ruston, Louisiana, the low bid received in the amount of \$17,511.62 for the construction of a boat launching ramp and parking area on Bayou Dorcheat. Mr. Herring explained that at the last regular monthly Board meeting held on June 21, 1968 in Alexandria, Louisiana, the Commission authorized the Director to accept the low bid received with the provision that the Director's action would be ratified at the next meeting. The reason for expediting this matter was so that the contract could be issued before the end of the fiscal year which ended June 30, 1968.

On motion of Mr. Thompson, seconded by Mr. Norris, the following resolution was unanimously adopted:

WHEREAS, the Louisiana Department of Public Works, upon the request of the Louisiana Wild Life and Fisheries Commission, did open bids on Tuesday, June 25, 1968 for the construction of a boat launching ramp on Bayou Dorcheat, with funds being appropriated from the fiscal year budget ending June 30, 1968.

THEREFORE, BE IT RESOLVED by the Louisiana Wild Life and Fisheries Commission that the action taken by the Director in the issuance of a contract to the low bidder, Louisiana Paving

Company, Inc. of Ruston, Louisiana for the construction of a boat launching ramp on Bayou Dorcheat, Webster Parish, Louisiana, is hereby approved and ratified. Said contract was in the amount of \$17,511.62, with authorization being granted to the Director, Dr. Leslie L. Glasgow, to sign same in behalf of the Louisiana Wild Life and Fisheries Commission on June 21, 1968.

Mr. Herring continued by telling the Commission of the construction of the road on the Spring Bayou Wildlife Management Area, Avoyelles Parish, Louisiana. He said the road will lead to the headquarters site and camping area. The Louisiana Department of Highways had originally estimated the cost of the construction to be \$72,900.85; however, they have now refigured the project and have estimated to the cost to be \$119,208.37 for which the Highway Department will open bids on same on July 24, 1968.

Mr. Herring recommended Commission approval for the Director to accept the bid and estimated cost, provided the same is acceptable with the Louisiana Division of Administration and funds will be provided. He said further that the action taken on this matter can then be ratified at the next monthly Commission meeting.

On motion of Mr. Wright, seconded by Mr. Kyle, the following resolution was unanimously adopted:

WHEREAS, the Louisiana Wild Life and Fisheries Commission is very desirous of having a road constructed leading to the headquarters site and camping area on the Spring Bayou Wildlife Management Area, and

WHEREAS, said Commission had previously requested the Louisiana Department of Highways to prepare plans and specifications along with the estimated cost of such project and to advertise for bids on the issuance of a contract for the construction of same.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby authorize the Director, Dr. Leslie L. Glasgow, to review and accept the bids to be tabulated on July 24, 1968, by the Louisiana Department of Highways. Authorization is hereby granted provided the low bid received is by a reputable concern, that the bid is in line with the estimated cost of the project and that the Louisiana Division of Administration concurs with the Director's decision by approving the expenditure of funds for the construction of approximately 3.595 miles of road on the Spring Bayou Wildlife Management Area to the Headquarters site and camping area, Avoyelles Parish, Louisiana.

BE IT FURTHER RESOLVED that the action taken by the Director in signing the issuance of said contract shall be ratified by the Louisiana Wild Life and Fisheries Commission at its next regular public monthly meeting.

Mr. Herring then explained the biological recommendations for the 1968-69 hunting seasons and bag limits for resident game. The Commission unanimously voted in favor of accepting the recommendations as made by the Commission's biologists for the coming season.

On motion of Mr. Fairchild, seconded by Mr. Wright, the following resolution was unanimously adopted:

BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby declare the following dates and bag limits for resident game birds and animals for the 1968-69 Louisiana Hunting Seasons:

1968-69 HUNTING SEASONS  
Resident Game Birds and Animals  
(Shooting Hours - one-half hour before  
sunrise to one-half hour after sunset)

Quail: Nov. 28 - Feb. 28; Daily Bag Limit 10, Possession 20

Rabbit: Oct. 5 - Feb. 16; Daily Bag Limit 8, Possession 16

Squirrel: Oct. 5 - Jan. 10; Daily Bag Limit 8, Possession 16

Bear: Closed

Deer: One per day, 5 per season. See Schedule.

Turkey: March 29 - April 20; Daily Bag Limit 1, Gobblers only;  
Season Limit 2

Archery Season: Oct. 5 - Jan. 12, Inclusive

Commercial Hunting Preserves: Oct. 1 - March 31; Pen-reared  
birds only.

1968-69 MIGRATORY REGULATIONS

Doves: 3 way split: Sept. 1 - Sept. 15, Oct. 19 - Nov. 24,  
Dec. 19 - Jan. 5; Daily Bag Limit 12, Possession 24

Rails: Nov. 2 - Jan. 10

King and Clapper; Daily Bag Limit 15 in the Aggregate,  
Possession 30

Sora and Virginia; Daily Bag Limit and Possession 25 in  
the Aggregate

Gallinules: Sept. 1 - Nov. 9; Daily Bag Limit 15, Possession 30

Snipe (Wilson's): Dec. 13 - Jan. 31; Daily Bag Limit 8, Possession 16

Woodcock: Nov. 28 - Jan. 31; Daily Bag Limit 5, Possession 10

#### 1968-69 Turkey Schedule

Daily limit of one gobbler and a season limit of two gobblers. Still hunting only and the use of dogs or any baiting is strictly prohibited as is the killing of hens. The shooting of turkeys from moving or stationary vehicles of any type is prohibited. Use of rifles is permitted for the taking of turkeys.

Turkey season open only in the following areas:

Area A - Union and Morehouse Parishes. East of Louisiana Highway 549 from Arkansas Line to Louisiana Highway 348 at Conway; north of Louisiana Highways 348 and 33 from Conway to Marion; East and north of Louisiana Highways 143 and 2 from Marion to Linville, south of Louisiana Highway 828 from Linville to Bayou DeLoutre, east of Bayou DeLoutre from Louisiana Highway 828 to Louisiana Highway 2, north of Louisiana Highway 2 from Bayou DeLoutre to Louisiana Highway 143, thence east and north of Louisiana Highway 143 and 2 to Sterlington to Junction of U. S. Highway 165; thence west and north of Louisiana Highway 2 and U. S. Highway 165 to junction of Louisiana Highway 139 at Bastrop; west of Louisiana Highways 139 and 140 from Bastrop to Bonita; west of U. S. Highway 165 from Bonita to Arkansas line; EXCEPT the Union Parish Wildlife

Management Area. see Wildlife Management Area Schedule for Georgia  
Pacific Wildlife Management Area.

Area B - Madison, Franklin, Catahoula, Concordia, and Tensas Parishes,  
South of U. S. Highway 80 from the Mississippi River to Louisiana  
Highway 17 east of Louisiana Highways 17 and 15 from Delhi to  
Winnsboro to Clayton; and west of U. S. Highway 65 from Clayton  
to Tallulah.

Area C - East Feliciana, West Feliciana, East Baton Rouge, Livingston,  
St. Helena, and Tangipahoa Parishes. East of Louisiana Highway  
967 from the Mississippi line to Louisiana Highway 421, north and  
east of Louisiana Highway 421 from Louisiana Highway 967 to  
Louisiana Highway 10, north of Louisiana Highway 10 from Louisiana  
Highway 421 to Louisiana Highway 955; east of Louisiana Highway  
955 from Louisiana Highway 10 to Louisiana Highway 412, north of  
Louisiana Highway 412 from Louisiana Highway 955 to Louisiana Highway  
67 at Olive Branch. East of Louisiana Highway 67 from Louisiana  
Highway 412 to the junction of U. S. Highway 190 at Baton Rouge;  
north of U. S. Highway 190 from Louisiana Highway 67 to the Amite  
River; east of Amite River from U. S. Highway 190 to Lake Maurepas;  
north of Lake Maurepas from Amite River to U. S. Highway 51; and  
west of U. S. Highway 51 from Lake Maurepas to the Mississippi  
State Line.

Area D - Washington and St. Tammany Parishes. East of Louisiana  
Highway 25 from the Mississippi State Line to Covington; east and

north of U. S. Highway 190 from Covington to the junction of U. S. Highway 90; and north of U. S. Highway 90 from the junction with U. S. Highway 190 to the Mississippi State Line.

Area E - Point Coupee Parish, bounded on the north by Louisiana Highway 1 and the north Morganza Floodway Levee; on the south by U. S. Highway 190; on the east by the East Atchafalaya Basin protection levee and on the west by the Atchafalaya River.

#### 1968-69 DEER HUNTING SCHEDULE

A. Bag: One legal deer per day; five legal deer per season.

B. Legal Buck is defined as a deer with antlers not less than three inches in length. The killing of bucks with antlers less than three inches and doe deer is prohibited except where specifically permitted.

C. Deer hunting restricted to legal bucks, only, except where otherwise specifically permitted.

D. Either sex deer, or any deer, is defined as any male or female deer, except spotted fawns which are protected, taken in any area designated and regulated as such.

E. Still Hunting only prohibits the use of dogs for hunting or the training of dogs in areas so designated, including wildlife management or refuge areas. In all other areas, deer hunting will be permitted with or without the use of dogs.

F. All areas not specifically designated as being open are hereby closed.

G. Archery Season: October 5 - January 12, inclusive. Either sex deer may be taken in all areas declared open for deer hunting, including wildlife management areas. Anywhere a bucks only season is in progress for gun hunting, archery hunters are required to conform to the bucks only regulations, including wildlife management areas. Archery season restricted on the Zemurray

Park Wildlife Management Area. For details, see provisions under wildlife management area schedule. Special bow and arrow regulations: Arrows used for hunting deer shall have well sharpened metal broadhead blades not less than 7/8 inch in width.

The following shall be unlawful:

1. To have in possession any gun while hunting with bow and arrow during the special bow and arrow deer season.
2. To have in possession or under control while hunting, any poisoned arrows, arrows with explosive tips, or any bow drawn, held or released by mechanical means.
3. To Hunt deer with a bow having a pull less than 30 pounds.

H. All deer or parts thereof shall be tagged as provided by law.

1968-69

#### Wildlife Management Areas Schedule

For all wildlife management areas except as specified:

Deer: 5 days of deer hunting unless otherwise specified:

November 23-24 and November 29-December 1, either sex during the designated day or days, after which the remaining days, if any, shall be open to "bucks only" hunting.

Daily Permits: When daily permits are required they may be obtained at the permit stations located on or near the wildlife management areas.

Season Permits: The basic resident hunting license will serve as a season permit on wildlife management areas during the 1968-69 season. No season permit required of persons under 16 or over 60 years of age or non residents.

Additional information, including maps, on wildlife management areas may be obtained by writing any Commission District office; P. O. Box 915, Minden; P. O. Box 4004, Monroe; P. O. Box 278, Tioga; P. O. Box 426, Ferriday; 1213 N. Lakeshore Drive, Lake Charles; P. O. Box 593, Opelousas; P. O. Box 14526, Southeast Station, Baton Rouge; 400 Royal Street, New Orleans.

The use of dogs is prohibited except for bird hunting and duck hunting. Recognizable breeds of bird dogs and retrievers only permitted in quail and migratory bird hunting. On those areas having the experimental rabbit season, beagle hounds only are to be used. The beagle hounds must not exceed 15 inches in height at front shoulder and must have recognizable characteristics of the breed. Dogs on all wildlife management areas prohibited unless otherwise specified.

All deer killed on wildlife management areas where daily permits are required must be checked out at a deer weighing station. Permanent duck blinds, construction of tree stands and the use of tree climbing spurs prohibited. All lands within the boundaries of wildlife management areas will have the same season and regulations as the management area. No firearms permitted on wildlife management areas during closed season.

ALEXANDER STATE FOREST -- Deer: 5 days, November 23-24 and

November 29-December 1. First day any deer, remaining 4 days bucks only - Daily permit.

Squirrel and Rabbit - October 5-November 17, check locally

for restricted areas.

BODCAU -- Deer: Same as outside EXCEPT still hunt only. South half of area (south of Louisiana Highway 160) to be open to any deer hunting one day, November 23.

Small game: same as outside, still hunt only except bird hunting.

Turkey: Gobblers only March 29 and 30.

CALDWELL -- Deer: 5 days, November 23-24 and November 29-

December 1. First day open to any deer hunting. Daily permit.

Squirrel and Rabbit: October 5-November 17, still hunt only.

Waterfowl: Same as outside EXCEPT no hunting during deer season.

CATAHOULA -- Deer, 5 days, November 23-24 and November 29-December 1.

First two days open to any deer hunting. Daily permit.

Squirrel and Rabbit: October 5-November 17, still hunt only.

Quail: January 4-February 28.

Woodcock: January 4-January 31.

Doves: Hunting permitted one day each week, first day to be held on opening day of dove season and each Saturday thereafter until dove season is over.

CANEY -- (Middle Fork and Corney) - Deer: Same as outside EXCEPT still hunt only.

All small game: Same as outside except still hunt only.

CITIES SERVICE -- Deer: November 23 - December 1, bucks only and December 26-January 5, bucks only; still hunt only.

Squirrel and Rabbit: Same as outside, still hunt only EXCEPT use of dogs permitted February 1 - 16 For Rabbit Hunting Only.

Quail: January 4 - February 28.

Woodcock: January 4-31.

CONCORDIA -- Deer: Bucks only, 5 days, November 23-24 and November 29-December 1. Daily permit, still hunt only.

Bucks only, December 26-January 12, still hunt only.

Squirrel and Rabbit: October 5 - November 17, still hunt only.

Waterfowl: Same as outside.

EVANGELINE: Deer: 5 days, November 23-24 and November 29-

December 1, first day any deer. Daily permit, still hunt only.

Squirrel and Rabbit: October 5-November 17, still hunt only.

Quail: January 4 - February 28.

Woodcock: January 4 - January 31.

FORT POLK -- Deer: 2 days, any deer November 23-24, daily permit.

Remainder of season to run concurrent with adjacent areas.

legal bucks only, still hunt only.

All small game: Same as outside EXCEPT no bird dogs allowed

November 23-24. Still hunt only except for quail and woodcock.

GEORGIA-PACIFIC -- Deer: 5 days, November 23-24 and November 29-

December 1. First day any deer. Daily permit.

Squirrel and Rabbit: October 5-November 17, still hunt only

Quail and Woodcock: December 21-January 5.

Waterfowl: Same as outside.

Doves: September 1-15.

Turkey: March 29 - April 6.

JACKSON-BIENVILLE -- Deer: 5 days, November 23-24 and November 29 -

December 1. First two days open to any deer hunting.

Daily permit

Squirrel and Rabbit: October 5 - November 17. Still hunt only.

Quail: January 4 - February 28.

Woodcock: January 4 - 31.

Turkey: 2 days, March 29-30. Gobblers only.

LUTCHER-MOORE -- Deer: 2 days, any deer, November 23-24. Daily

permit. Legal bucks only, concurrent with still hunt area

bordering management area south of Louisiana Highway 8.

All small game: same as outside, still hunt only except bird hunting, no bird hunting during deer season.

PEASON-RIDGE -- Deer: Concurrent with outside, bucks only, still

hunt only. Military clearance required, may be obtained on area

Small game: Concurrent with outside, still hunt only.

RED DIRT -- Deer: 5 days, November 23-24 and November 29-December 1,

First Two Days Open to Any Deer Hunting Daily permit

Squirrel and Rabbit: October 5-November 17.

Quail: January 4 - February 28.

Woodcock: January 4 - January 31.

Archery-Deer: November 16 - December 1.

RED RIVER -- Deer: First segment, 5 days, November 23-24 and

November 29-December 1, Bucks only. Daily permit.

Second segment, December 26-January 12.

Squirrel and Rabbit: Same as outside EXCEPT still hunt only and no squirrel or rabbit hunting during first segment of deer season.

Waterfowl and Doves: Same as outside EXCEPT no waterfowl hunting permitted during first segment of deer season.
